About Casa ABBA Project

In July of 2010 a group of adults from Scotland will be travelling to Sao Paulo, Brazil in support of the Casa Semear Rescue House. The group has been formed from a collection of churches of different denominations working together to support Abba and in particular Robert and Silvana Meikle and their work with the street children of Sao Jorge. These events will directly assist with the ongoing renovation costs of the Casa Semear property used for the kids, their families and their community.
